

Dear Pastor,

We recognize how important it is for our children to recognize the needs of others. To this end we are including the Ultimate Mission Water Project in this year's VBX program. This project raises money to go toward the purchase of Madi Drop tablets. These tablets will clean 10 liters of water a day for families around the world. It will provide drinking water to a family of five for six months for a minimal cost of \$5.

Please join us in our Ultimate Mission Water Project by encouraging the congregation to participate. Your support and prayers can make a big difference in the lives of families around the world.

Your VBX director has instructions for collecting the funds and an offering code has been designated for this project. Thank you for investing in the growth and training of our children, and making a difference in the lives of orphans around the world.

Sherri Uhrig, Director
