

# Day 5

## Color Mountain

**Daily Call:** Called To Give

**Bible Story:** Jesus

**Gold Nugget:** (Jesus) Who has saved us and called us with a holy calling. II Timothy 1:9 (NKJV)

### Preparation

You'll need a paper plate, a 9 oz. hard plastic tumbler cup, and food coloring.

### Directions

Set a clear cup of half-filled water on a paper plate. Shake the can of shaving cream and spray it in the cup until it mounds out just a little bit. Let each child take a turn squeezing food coloring on top of the shaving cream.

Play the Color Mountain game for 10 minutes.

### Introduction

**Are you ready to do an experiment? Everyone needs to circle up in their wrangler group. Ready?**

**Wranglers are you ready? Wranglers set your clear glass of water in front of you on your paper plate.**

**Now take the shaving cream and shake it good. You may need a volunteer to help you shake it really good. [Encourage Wranglers to let their kids give it a shake.] All done?**

**Wranglers take the cap off and spray shaving cream in your half-filled glass of water until it mounds out just a little bit. Wow! That's great!**

**Let each Li'l Cowpoke squeeze a little food coloring on top of the shaving cream. (Important note: Wranglers never really let go of the squeeze bottle of food coloring). Let everyone take a turn.**

**Now bend low, you can even lay down, and watch as the color moves through the shaving cream and swirls into the water. Cool!**

*Wranglers discuss with your Li'l Cowpokes what colors they see.*

*Listen to kids responses. Nod with agreement. Smile. Look your Li'l Cowpokes in the eyes while they are talking.*

**See all those colors? Those swirly colors make me happy .... The colors represent the love that we give to others. And it makes us happy to give love! Just like Jesus gave love to you and to me! Hurray!**
